

Talak Professional Table - Base

DESIGN:

Neil Poulton

MATERIAL:

technopolymer, steel, aluminum

BESCHREIBUNG:

Artemide introduces new versions of its bestsellers to keep up with the pace of LED technology development in terms of performance, amount, and quality of light. The new Talak Professional appliance has the same stem structure, which allows movement around the axis and vertically along its height; the protruding head's body is modified to adjust to technological evolution, as well as to meet functional requirements for better use and relation with the working space. The new head is in fact less intrusive, being as much as 15 cm shorter than in the original version. The smaller size ensures a reduced intrusion into the working space but, at the same time, its technological development makes it more prominent in terms of lighting: the emitted flow is almost triple compared to the classical version, with a minimum increase of power.

White

ARTIKELNUMMER

0687510A

Lichtverteilung

IP20

TECHNISCHES DATENBLATT
FUNKTIONEN

Produktname:	Talak Professional Table - Base
Artikelnummer:	0687510A
Farbe:	White
Material:	technopolymer, steel, aluminum
Serie:	Design
Anwendungsbereich:	Innenbeleuchtung

OPTIK

Lichtverteilung:	Direct
------------------	--------

DIMENSION

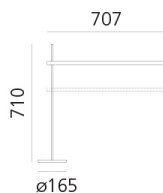

Länge:	cm 70.7
Höhe:	cm 71
Durchmesser Fuß:	cm 16.5

INKLUSIVE LEUCHTMITTEL

Kategorie:	LED COB
Anzahl:	1
Watt:	12 W
Farbtemperatur(K):	3000 K
Baureihe:	A

LUMINAIR

Watt:	12W
Spannung (V):	100-240V
Lichtstrom(lm):	745lm
CCT:	3000K
Efficiency:	79%
Efficacy:	62.08lm/W
CRI:	90
Dimmer Typology:	Microswitch Dimmer

DIMENSION

FARBE

Talak Professional Table - Clamp
